

# Are you struggling to find labour...?

Become a Gateway Employer and help the next generation into careers in the cleaning industry.

Help introduce a school student to a possible career path in cleaning.

Provide them with the opportunity to access workplace learning.

Have your business be connected with your local school.

## What is Gateway?

Gateway is a work placement initiative for senior school students (Years 11 to 13) funded by the Tertiary Education Commission. Students' learning is assessed in the workplace and they can achieve credits on the New Zealand Qualifications Framework towards their National Certificate of Educational Achievement (NCEA).

**Help support a student to achieve a micro-credential in cleaning!**

## Participation is easy! We'll guide you all the way

Here's what you can expect from the programme.

- A Careerforce Vocational Pathways Advisor will help you connect with your local school.
- The student will be enrolled in a Cleaning micro-credential and will achieve 22 credits towards the New Zealand Certificate in Cleaning (Level 2).
- The school will support the student with the theory and Careerforce will assess their written work.
- You just simply need to train the student in cleaning skills and testify that they are cleaning properly.

### Hygiene for Workplaces/Cleaning Micro-Credential Level 2 (22 credits towards the 60 required to achieve level 2)

Unit Standard	Title	Credits	Theory	Practical
28352	Carry out core cleaning tasks	10		Y
28355	Hazards and injury prevention	8		Y
28354	Demonstrate cleaning products risks and strategies to maintain safety	2		Y
28357	Security and privacy	2		Y

## Being a Gateway Employer Benefits your Organisation

- Meet potential future employees that can hit the ground running.
- Enable your existing staff to become mentors, trainers and leaders.
- Raise your brand profile within your local community.
- Increase the diversity within your workforce.
- Support young people into jobs as part of your Corporate Social Responsibility.
- Plus, young people can bring energy and fresh, new ideas into your workplace!

It was easy to get through, it was pretty simple, just a matter of going through it. My supervisor helped me and showed me all the other things in the building and lessons that can be learned from that. We filled out paperwork together. I felt pretty good when I'd completed it, another achievement under my belt. It helped with my confidence at work.

- Lewis, Level 2 Micro-credential Graduate
